

Maintain your knife edge and revive blunt edges using the Edge Master Diamond Retractable Sharpener which is ideal for both flat and serrated edges and includes grooves for sharpening fishhooks. Compact and portable, the sharpener is the size of a pen so you can keep it in your pocket when you're on the go or easily store it in a cutlery drawer when you're at home. Simply loosen the cap, pull the diamond rod out to the desired length and then tighten the screw cap so the rod doesn't move. The full length is 24.5cm and the retracted length is 12.5cm.
